Commodities Update:

- As of this printing, there has been no announcement from USG, our primary drywall vendor, regarding price increases. It appears, though, that there will be an increase attempt in the March 2016 time frame.
- USG Interiors has announced a 5% increase in ceiling panel products effective February 8, 2016.
- Steel stud increase is still scheduled for January 1, 2016 and is announced for 10%. It is somewhat doubtful that the increase will actually occur, or if it does, will stick.
- There is a good chance that fiberglass insulation may increase in early January 2016. If it does, the increase will be in the 8-10% range.
- Panel products: OSB, while gaining price strength for the last few months, seems to be faltering of late. SYP plywood has been having its ups and downs of late. Movement in either direction has not been extreme, but one never knows!
- Dimension lumber has shown signs of getting ready to take off, but as of this writing, has not risen notably.

Words Worth Reading:

Excerpt from Kevin Durant's NBA MVP acceptance speech in 2014. The speech was 26 minutes long and most all of it displayed the humble nature of Durant and his gratitude for the people that positively affected him—especially his mother.

"And last, my mom. I don't think you know what you did. You had my brother when you were 18 years old. Three years later, I came out. The odds were stacked against us. Single parent with two boys by the time you were 21 years old. Everybody told us we weren't supposed to be there. We moved from apartment to apartment, by ourselves. One of the best memories I had is when we moved into our first apartment—no bed, no furniture, and we just all sat in the living room and just hugged each other. We thought we made it. When something good happens to you—I don't know about you guys, but I tend to look back to what brought me here. You waking me up in the middle of the night in the summertime, making me run up a hill. Making me do pushups. Screaming at me from the sideline at my games at 8 or 9 years old. We weren't supposed to be here. You made us believe, you kept us off the street. You put clothes on our backs, food on the table. When you didn't eat, you made sure we ate. You went to sleep hungry. You sacrificed for us. You're the real MVP."

Brain Builder: Try it! See what you come up with.

Write down the number of the house you live in. Now double it. Add 5 and multiply the answer by 50. Next add your age. Now add 365. From the sum you now have, subtract 615.

You will find, in the result, that your house number is on the left and your age is on the right.
