While Supplies Last

## Commodities Update:

- USG has decided to increase all gypsum prices after all. The increase will take place mid March and will be \$.02/SF.
- Our concrete block supplier has raised prices 3-6% effective immediately and our Versa-lok retaining wall blocks will increase 4-7% by mid March as well.
- Quikrete, our packaged cement vendor, has also raised prices slightly-some as low as \$.10/bg.
- Panel Products: OSB has been kind of up and kind of down this month. Some experts are expecting higher prices as we move to the busy season. SYP Pine plywood has also been languishing at its current levels for the last several weeks.
- Dimension lumber: We're finding that 2x4 and 2x6 have been relatively steady pricewise, but 2x8 took a noticeable jump in our Portbec Premium Eastern Spruce. SYP treated saw enough of a decrease for us to commit to a significant spring inventory.

## Words Worth Reading:

Louis's life, with its athletic feats, air combat, plane crash, shark attack, strafing, years as a POW, and slavery, is truly singular. But as unique and dramatic as it is, his story offers lessons that can guide those of us who lead much more ordinary lives. It stands as a testament to the breadth of the realm of possibility, demonstrating that with perseverance, courage, and resourcefulness we can prevail over hardships we imagined were insurmountable. And it demonstrates both the corrosive, life-consuming nature of bitterness and the transcendent liberation and peace that are the gifts of forgiveness. An odyssey of exceptional hardship, pain, trail, and triumph, Louie's life is like no other, yet it carries lessons that speak to all of us. He is truly an inspiration.

Author Laura Hillenbrand  
in her book Unbroken  
writing about the life of Louie Zamperini

**Boom delivery services are available at both Cavo's (2 boom trucks) and Ilion Lumber (1 boom truck). Many of you know we provide a stocking service for drywall deliveries, but also can deliver lumber, roofing and masonry products to your jobsite.**

## Hardware Humor:

**CLOSE TO HOME, John McPherson**

"Well, it took 11 rolls of duct tape, three containers of Silly Putty, 17 yards of baling wire and 57 rivets, but your husband is going to pull through!"

## Brain Builder: Try it! See what you come up with.

A swimming pool has four faucets. The first can fill the entire pool with water in two days, the second-in three days, the third-in four days, and the last one can fill the pool in 6 hours.

How long will it take to fill using all 4 faucets together?

For the answer to this month's  
BRAIN BUILDER!
