While Supplies Last

Employment opportunities are now available at Cavo Builders' Supplies

We are seeking one or two yard help/driver positions which are full time, year round jobs. Work involves much heavy lifting. CDL "B" is preferred, but not necessary. We are also looking for a few college guys for summer help who would be able to supplement our yard staff.

Commodities Update:

- USG Interiors has announced a May 15 price increase on ceiling grid products of 5%.
- Roxul stone wool insulation will increase by 3% on July 3.
- The major fiberglass insulation manufactures have announced an increase between 5 and 12% effective early June. More than likely, our retails will not change until later in the month.
- Panel products: OSB continues to inch up in price and there seems little chance that the market will reverse soon. SYP plywood mills have gotten their order files out towards mid-May, so here again, the producers are in the driver's seat. Prices could increase further with ease.
- Dimension lumber: With the breaking news, as of this writing, of the duties being imposed on Canadian softwood lumber, we can expect to see even more price increases, even though that excuse was used for the last two price hikes. As often happens, this increase will probably affect wood species that aren't even involved in the softwood lumber issue.

New Inventory Items:

Quote to Think About:

"the line separating good and evil passes not through states, nor between classes, nor between political parties either-but right through every human heart"

Aleksander Solzhenitsyn

Words Worth Reading: (a repeat but still a good one!)

"At Peace"
by Amado Nervo

As I approach my twilight, I bless you, Life, because you gave me no false hope, nor unjust labor, nor undeserved pain;

because at the end of my long journey I see that I was the architect of my own destiny;

that if, in things, I tasted the honey or bitterness within, it was because, in them, I put honey or bitterness to begin: when I planted rosebushes, I always harvested roses.

And yes, spring blossoms were followed by winter:
but you never promised me that May would last forever.

It's true, there were long nights of pain and sorrow; but you never promised me that all my nights would be good; and indeed, some were divinely serene.

I loved, I was loved, the sun caressed my face. Life, you owe me nothing! Life, we are at peace!

Brain Builder: Try it! See what you come up with.

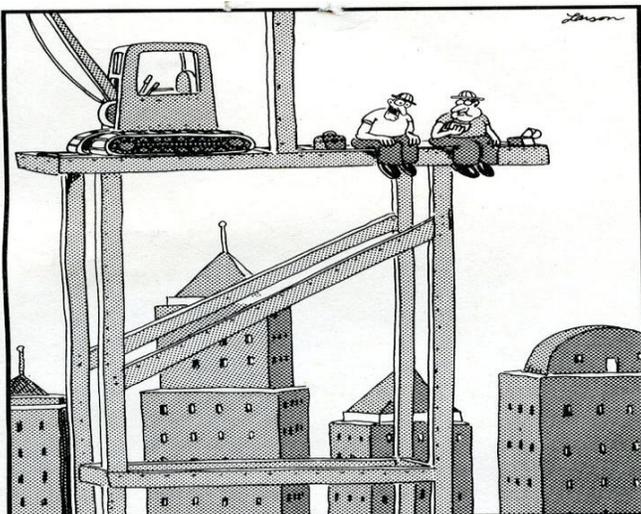

My neighbor, Francis, has 5 children, half of them are boys. How is this possible?

Hardware Humor:

"The Far Side" – Gary Larson

"You ever get that urge, Frank? It begins with looking down from 50 stories up, thinking about the meaninglessness of life, listening to dark voices deep inside you, and you think, 'Should I? ... Should I? ... Should I push someone off?'"
