~ While Supplies Last ~

*We'd like to encourage again any customer that is not already receiving fax or email copies of invoices and/or statements to do so. You would be able to receive your invoice costs the same day as the purchase! Please call 724-5970 and speak to any of the office staff members.*

**Words Worth Reading:**

And a woman who held a babe against her bosom said, Speak to us of Children.  
and He said:

Your children are not your children.  
They are the sons and daughters for Life's longing for itself.

They come through you but not from you,  
And though they are with you yet they belong not to you.

You may give them your love but not your thoughts.  
For they have their own thoughts.

You may house their bodies but not their souls,  
For their souls dwell in the house of tomorrow, which you cannot visit, not even in your dreams.

You may strive to be like them, but seek not to make them like you.  
For life goes not backward nor tarries with yesterday.

You are the bows from which your children as living arrows are sent forth. The archer sees the mark upon the path of the infinite, and He bends you with His might that His arrows may go swift and far.

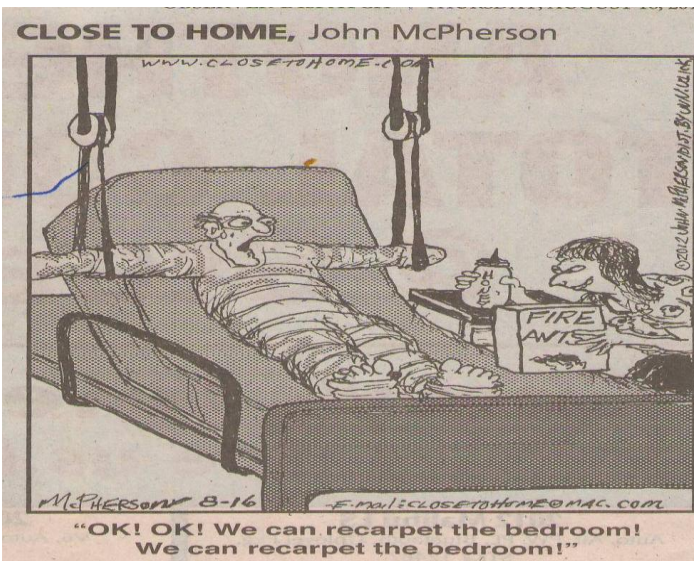

Let your bending in the archer's hand be for gladness;  
for even as He loves the arrow that flies, so He loves the bow that is stable.

From: The Prophet by Kahill Gibran

**Commodities Update:**

- One major fiberglass insulation manufacturer has announced an 8% increase for the most products for October 1. We'd expect that other manufacturers will follow suit.
- It seems the increase the metal stud manufacturers were seeking last month was short lived and costs are back to the pre increase levels.
- Panel products: OSB, pricing continues in an upward direction after no more than a year of very stable pricing while SYP plywood, dropped in the last few weeks but has rebounded up in a strong way.
- Dimension lumber: It seems most all species are kind of hovering at recent prices - some slightly higher; others slightly lower, but in general pretty stagnant. SYP dimension (used for PT lumber) has had some significant downward pressure which has caused all but PT decking to reduce prices.

**Hardware Humor:**

**Brain Builder: Can you hammer out the answer?  
Which word is the odd one out?**

- First
- Second
- Third
- Forth
- Fifth
- Sixth
- Seventh
- Eighth
