Commodities Update:

- The anticipated increase of **fiberglass insulation** will happen on October 2, but we will delay our increase until at least November to see where the increase goes. It has been announced as an 8-10% increase.
- Panel Products: **OSB**, while still an economical alternative to plywood, has been very slowly creeping up in price. **SYP plywood** pricing has been like a kiddie roller coaster, a few weeks up slightly, then back down slightly. It is not gaining any momentum in either direction.
- Dimension lumber: Both Eastern and Western **SPF lumber** is still a good deal considering the increase in housing starts nationwide. Not much movement either way recently. **SYP treated** saw some decreases this month, but might be a little too late to help our selling season in the Northeast.
- Bagged cements-masonry and Portland cements (not ready mix) will increase \$.40/bg and \$.50/bg respectively on January 1.

Words Worth Reading:

Quotes attributed to the great Yankee baseball player Yogi Berra who died recently at the age of 90.

- “You can observe a lot just by watching.”
- “If you can’t imitate him, don’t copy him.”
- “When you come to a fork in the road, take it.”
- “Nobody goes there anymore. It’s too crowded.”
- “It’s de’ja’ vu all over again.”
- “ I usually take a two hour nap from 1-4.”
- “Never answer an anonymous letter.”
- “We made too many wrong mistakes.”
- “The future ain’t what it used to be.”
- “It gets late early out here.”
- “Why buy good luggage. You only use it when you travel.”
- “If people don’t want to come out to the ballpark, nobody’s going to stop them.”

Hardware Humor:

Brain Builder: Can you hammer out the answer?

This is an old classic we have used in the past-do you remember the answer?

How much money do you have if you have 100 adult female pigs and 100 male deer?
