

FiberLite® FRP - Ceiling Panels

MOISTURE AND IMPACT RESISTANT WALL AND CEILING PANEL

Product Description

FiberLite FRP are fiberglass reinforced plastic panels that are ideal for new or retrofit construction. They install directly to solid wall surfaces or can be used for drop-in ceilings. FiberLite FRP panels are specially engineered to provide durability, easy maintenance and sanitation with exceptional physical and mechanical properties.

FiberLite FRP liner panels provide all you expect from a "Fiberglass Reinforced Panel". These panels are made for interior, moisture resistant environments. They are adhered directly to gypsum or plywood with a variety of different trowel-on adhesives.

Popular Applications:

- Kitchens and Food Preparation Areas
- Bathrooms and Hallways
- Food Processing Plants
- Water and Wastewater Treatment Plants

Characteristics:

- Durable, shatter resistant surface that resists scratches.
- 100% moisture resistant.
- USDA and Agriculture Canada certified.
- Thermal shock and chemical resistant.
- Cleans easily with steam, high pressure sprayers or soap/water.
- Class A or Class C fire-rating available.
- Color-matched moldings and fasteners available for easy installation.
- High impact strength.
- Low maintenance.
- Meets [ASTM D-5319](#) Standard Specification for Glass-Fiber Reinforced Polyester Wall & Ceiling Panels.

Sizes in stock:

- 2' x 4' (Nominal Thickness = .090")
