

Best Look® Deck and Siding Stain

Best Look Modified Alkyd/Acrylic Semi-Transparent Exterior Stain

Description:

For use on new or weathered wood. Stains wood with subtle color that allows the natural beauty of the wood grain to show through. Ideal for exterior plywoods and hardboards. Resists chalking and color fading while it beautifies and protects. May be applied on unfinished wood or wood that was previously stained with semi-transparent stain. May be used on wood decks and siding, fences, picnic tables, patio furniture, and decks. Clean up with soap and water. Tint base.
