While Supplies Last

Commodities Update:

- As reported last month, USG Interiors will increase ceiling panels by 10% on 7/24/17.
- The steel stud increase of July did take place. We will wait a week or two before raising prices to see if the increase takes hold.
- Panel products: As of this writing, both OSB and SYP plywood panels are showing strength and therefore are rising in price-- nothing outrageous, but noticeable.
- Dimension Lumber: Both Eastern and Western Spruce markets are up due to wildfires in British Columbia while SYP prices were falling, but have changed direction and now are increasing rapidly.
- USG has made a price increase announcement for gypsum board right before press time for our sales announcement. The effective date is August 21, but we have not been informed of the amount of increase. More information will be communicated in our next flyer.

Words Worth Reading:

"With That Moon Language" - Hafez

Admit something:

Everyone you see, you say to them,
"Love me."

Of course you do not do this out loud;
Otherwise,

Someone would call the cops.

Still though, think about this,
This great pull in us to connect.

Why not become the one
Who lives with a full moon in each eye
That is always saying
With that sweet moon

Language

What every other eye in this world
Is dying to
Hear.

-From the book
"Tatoos on the Heart"
by Gregory Boyle
