Commodities update:

- USG Interior will increase ceiling panel products by 5% on 2/9/15.
- The fiberglass insulation increase announced for 1/2/15 has been postponed to late January. As of this writing we're not sure that the increase will happen at all, but we should be prepared in case it does - somewhere around 12%.
- Silverline vinyl windows have announced a 6-9% increase for 2/3/15.
- Panel Products: OSB continues to linger around the low side of historical pricing but experts expect increasing price levels as weather and business heat up. SYP plywood is still at the high side of traditional pricing, but is showing some signs of declining.
- Dimension lumber among most species has seen some price reduction, but there is a strong sentiment that the market may have bottomed out and will see increases in the short term.

New inventory items:

- We are adding a new fiberglass insulation vendor. Johns Manville fiberglass will be our new primary vendor for this category and will be phased in as our stock of Guardian/Knauf is depleted over the next month or so. (Cavo's & Ilion)
- Fiberon 20' non-grooved protect PVC decking in gray birch is being added to Ilion's inventory.
- Porter Cable 150 PSI 6 gallon pancake compressor is added to both Cavo's and Ilion.
- 4"x8' semi-rigid dryer duct is added to Ilion stock - Cavo's already stocks this product
- Ultra white eggshell interior - self priming paint 1 gal (Cavo's & Ilion)
- Plastic bell trap covers - small and large - for garage floor drains (Cavo's)

Words Worth Reading:

The Train

At birth we boarded the train and meet our parents, and we believe they will always travel on our side. However, at some station our parents will step down from the train, leaving us on this journey alone.

As time goes by, other people will board the train; and they will be significant i.e. our siblings, friends, children, and even the love of our life.

Many will step down and leave a permanent vacuum. Others will go so unnoticed that we don't realize they vacated their seats. This train ride will be full of joy, sorrow, fantasy, expectations, hellos, goodbyes, and farewells. Success consists of having a good relationship with all passengers requiring that we give the best of ourselves.

The mystery to everyone is: We do not know at which station we ourselves will step down. So, we must live in the best way, love, forgive, and offer the best of who we are. It is important to do this because when the time comes for us to step down and leave our seat empty we should leave behind beautiful memories for those who will continue to travel on the train of life.

I wish you a joyful journey on the train of life. Reap success and give lots of love. More importantly, thank God for the journey.

Hardware Humor :

Henry thought the 2 miles he would have to walk shopping at the big box would be good exercise, but he didn't realize it would take an extra 2 hours.

Brain Builder: Can you hammer out the answer?

Maybe you'll want to use a calculator as you go. You're driving a bus that has 10 people on it. At the first stop 6 people get on and 3 people get off. At the second stop 5 people get on and 4 people get off. At the third stop only 2 people get on but 8 people get off. How old is the driver?

For the answer to this month's
BRAIN BUILDER!
