### Commodities update:

- We'll know soon about the gypsum increase. As reported last month, we're being told it won't be more than \$30/MSF, effective 1/1/15.
- Fiberglass insulation is still scheduled to increase 12-15% on 1/2/15.
- Steel studs will increase 10% on 1/5/15.
- USG has announced an increase on Durock cement board products and Fiberock products of 6% effective 1/19/15.
- Bluelinx, our supplier for GP vinyl siding, has announced a 6-8% increase on all related products for early February 2015.
- Quikrete has announced a 1/1/15 price increase on bagged masonry goods ranging from 3-8%.
- Panel products: OSB is gaining ground, albeit slowly from its somewhat low prices of 2014 while SYP plywood is slipping in price from its very high prices of 2014. There is still quite a gap between the two.
- Dimension lumber: Seems like all species are at a stagnant to slightly up pricing level with the exception of the strong SYP market which will buoy the pressure treated pricing at a very strange time of year.

### Words Worth Reading:

An Indian admirer of Mother Teresa, a businessman, once had five lines printed for her on small yellow cards. These she called her "business cards" and she offered them freely to people because they clearly explain the direction of her work, her simple path. This path is one that she has distilled from her long experience of working for the love of God with her fellow human beings. It is composed of six essential steps: silence, prayer, faith, love, service, and peace. Familiarity with one will naturally lead on to another. If one surrenders to the nature of the process, life will inevitably run more smoothly, more joyfully, and more peacefully.

### THE SIMPLE PATH

The fruit of silence is  
**PRAYER.**  
The fruit of prayer is  
**FAITH.**  
The fruit of faith is  
**LOVE.**  
The fruit of love is  
**SERVICE.**  
The fruit of service is  
**PEACE.**

### Brain Builder: Can you hammer out the answer?

Wesley's mom discovered a broken window in the living room and went to ask Wesley about it. Wesley told her he had been playing Monopoly with his friend Cindy. She asked him what his last roll had been and he said, "A one". She immediately knew he was lying. How did she know?
