While Supplies Last

Employment opportunity available in our Ilion Lumber yard.
 We are seeking a delivery person/yard help.
 Applicant must have a clean license.
 Year round full time work. Competitive pay and full benefits package.

Commodities Update:

- Both panel products (plywood and OSB) and dimension lumber (all species) experienced huge increases not seen for the last 12-15 years during these last six weeks. So, all lumber items are very costly right now, but there are some cracks beginning to show in the strength of pricing. Most experts are predicting that by mid-November we should start to see a more lively decrease in costs.
- USG announced that beginning October 23 their drywall sales will be placed on “controlled distribution” nationwide because of high demand. That means we will struggle to get all the board we need in a timely manner. It would be wise for customers to plan more in advance than usual. Some manufacturers have already announced increases for early 2018.
- USG Interiors announced a ceiling grid price increase of 5%, effective November 20, 2017. Also, Specialty Ceiling products Curvatura and Compasso will increase 5% at that same time.

New Inventory Items:

- Johns Manville Climate Pro 73 loose fiberglass insulation (Cavo’s)
- USG Plus3 Lightweight Joint Compound 4.5 gal (back again at Cavo’s)

Words Worth Reading:

The First Decision for Success
The buck stops here.

From this moment forward, I will accept responsibility for my past. I understand that the beginning of wisdom is to accept the responsibility for my own problems and that by accepting responsibility for my past, I free myself to move into a bigger, brighter future of my own choosing.

Never again will I blame my parents, my spouse, my boss, or other employees for my present situation. Neither my education nor lack of one, my genetics, or the circumstantial ebb and flow of everyday life will affect my future in a negative way. If I allow myself to blame these uncontrollable forces for my lack of success, I will be forever caught in a web of the past. I will look forward. I will not let my history control my destiny.

The buck stops here. I accept responsibility for my past. I am responsible for my success.

Hardware Humor: “Close to Home” - John McPherson

Many hardware stores now provide sketch artists to help their customers recall the part they need.
