DESIGNED TO WORK TOGETHER

Ply Gem proudly manufactures Georgia-Pacific® Vinyl Siding and Accessories and a number of complementary products that are distributed by BlueLinx, one of the largest building materials distributors in North America.

From stone veneer, to shutters and gutter protection, Ply Gem products are cost-effective to install and beautiful to behold, with combinations and color palettes that bring each style to life. Backed by an industry leader that's been serving the building industry for generations, every product we manufacture meets strict quality standards.

For more than 70 years, professionals and homeowners alike have trusted Ply Gem as a leading building products manufacturer. Building on that legacy, we developed The Designed Exterior™ by Ply Gem to transform the look of your home with low-maintenance materials that allow you to spend time enjoying your home instead of fixing it.

No matter what you select from this catalog, you can do so with the confidence that our low-maintenance products are made to work together to enhance your home.

BEAUTY THAT'S MORE THAN SKIN DEEP

1

Four layer attachment system snaps as it locks, helping keep panels firmly in place

2

Reverse Full Roll double thickness nail hem for more secure attachment and improved resistance to blow off in high wind conditions

3

Oversized top lock engages more securely and helps straighten the panels on the wall

4

Realistic wood grain emboss with a low gloss finish

5

Larger 5/8" projection and upward reverse butt angles help to keep the overlapped seams tight and secure, improving the appearance of the installation by making seams less noticeable

6

Double thickness bottom lock provides greater strength and reinforcement at a critical point in the locking system

A HOME THAT STANDS
OUT ON YOUR STREET.

A DURABLE EXTERIOR
THAT WITHSTANDS
THE ELEMENTS.

A WORRY-FREE
PRODUCT THAT LASTS.

MADE WITH PRIDE
BY PLY GEM, AN
INDUSTRY LEADER.

THE MINOR DETAILS MAKE A MAJOR DIFFERENCE

Ply Gem manufactures Georgia-Pacific® Vinyl Siding and Accessories using the highest quality raw materials. Our patented, proprietary technology delivers superior durability and performance. And to ensure the product is reliable, each batch goes through a rigorous 35-point checklist to make sure it meets exacting quality standards.

Once manufactured, our products are tested by an accredited, third party quality control agency to ensure that they meet or exceed the industry standard under ASTM D3679 & ASTM D6864 for performance.

A LOOK FOR YOUR LIFESTYLE

Every home is unique, which is why we offer a full complement of styles, colors and product options. Visit the Designed Exterior Studio at www.gpvinylsiding.com to see how easy it is to use our low-maintenance materials to create an enduring, beautiful exterior for your home.

PEACE OF MIND COMES STANDARD

It's no wonder homeowners prefer vinyl siding!¹ Not only does it look good, but it never needs to be painted or stained. An annual wash with a garden hose will keep it looking like freshly painted wood. This means you'll spend less time and money maintaining your siding and more time enjoying your home.

And with a Limited Lifetime Transferable Warranty backed by Ply Gem, an industry leader, you can rest assured that your biggest investment is protected.

BEAUTY THAT'S MORE THAN SKIN DEEP

Georgia-Pacific Vinyl Siding comes in a wide array of colors, from crisp lights, comfy neutrals and vivid deep hues to realistic wood tones. You can rest assured that each color starts with the highest quality pigments and UV inhibitors blended throughout the panel. This means the products have consistent color that stands up to everyday dings and scratches.

EVERY ELEMENT CONSIDERED

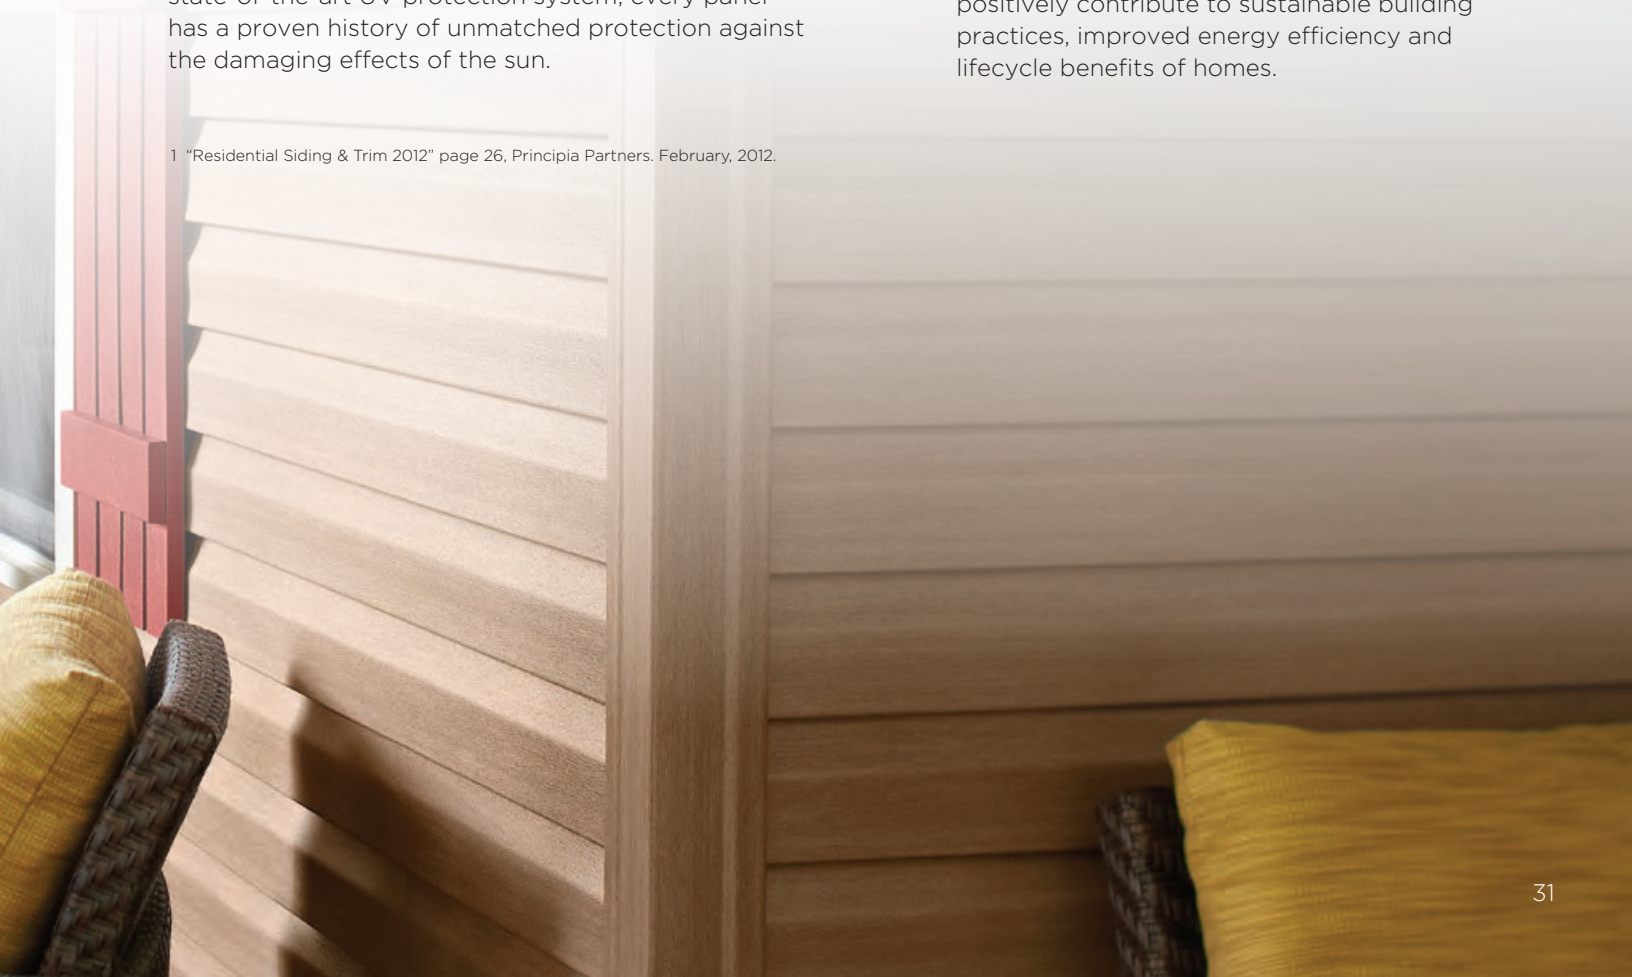

Ply Gem makes Georgia-Pacific Vinyl Siding with unique design features that help battle the toughest weather conditions like wind, cold and intense heat. The finish won't peel, check or craze. Plus, with our state-of-the-art UV protection system, every panel has a proven history of unmatched protection against the damaging effects of the sun.

HOMES MADE WITH COMMUNITIES IN MIND

Ply Gem vinyl siding products can help you meet your sustainable building goals and earn points in leading green building certification programs. Our products offer features that positively contribute to sustainable building practices, improved energy efficiency and lifecycle benefits of homes.

New Styles for 2015

Sculpted by nature. Crafted by hand.

Ply Gem Stone adds natural beauty inside and outside a home. Molded from stones handpicked for their shape, size, texture and color, they're cast in molds containing an average of 100 sq. ft. of non-repeating shapes and colors. Liquid tints are absorbed into the stone to produce lasting color that resists fading. The result is a greater variety of individual stones with a more authentic appearance.

In addition to an extensive choice of profiles and colors, we offer a complete line of accessories in five coordinating colors to complete your project.

- Authentic looks created from natural stone molds
- Greater variety of non-repeating shapes and sizes
- Hand-colored by skilled artisans to replicate nature's hues
- Complete accessories line in 5 colors
- 50 year warranty

Replacing wood For Good™

When you choose building products for your home, you want them to last. Just as important, you want the company that stands behind those products to be available when you need them. Now you can get cellular PVC trim and mouldings from the same company you trust for siding and stone veneer. Trim boards, post wraps and more are packaged in rugged polymer film so they stay clean from the warehouse to installation. Ply Gem Trim and Mouldings differentiate a home's design and offer the workability of wood without the maintenance.
