# Section 2. Hazards identification

| OSHA/HCS status                               | : While this material is not considered hazardous by the OSHA Hazard Communication Standard (29 CFR 1910.1200), this SDS contains valuable information critical to the safe handling and proper use of the product. This SDS should be retained and available for employees and other users of this product. |
|---|--|
| Classification of the<br>substance or mixture | : Not classified.  |
|   | This product is an Article under the United States Hazard Communication System.<br>Therefore it is EXEMPTED from the regulatory requirements under HCS.  |
| GHS label elements                            |  |
| Signal word                                   | : No signal word.  |
| Hazard statements                             | : No known significant effects or critical hazards.  |
| Precautionary statements                      |  |
| Prevention                                    | : Not applicable.  |
| Response                                      | : Not applicable.  |

# Section 2. Hazards identification

Storage Disposal Hazards not otherwise classified (HNOC) Not applicable.Not applicable.

: None known.

Section 3. Composition/information on ingredients

| Substance/mixture             | : Mixture            |
|-------------------------------|----------------------|
| Chemical name                 | : Polyvinyl Chloride |
| Other means of identification | : Not Available      |

| CAS number/other identifiers |   |                 |
|------------------------------|---|-----------------|
| CAS number                   | : | Not applicable. |
| Product code                 | ÷ | Not Available   |

| Ingredient name  | %      | CAS number |
|------------------|--------|------------|
| Titanium dioxide | 5 - 10 | 13463-67-7 |

Any concentration shown as a range is to protect confidentiality or is due to batch variation.

There are no additional ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment and hence require reporting in this section.

Occupational exposure limits, if available, are listed in Section 8.

### Section 4. First aid measures

| <b>Description of</b> | necessary | first aid | measures |
|-----------------------|-----------|-----------|----------|
|                       |           |           |          |

| Eye contact  | : If a dust particle enters the eye, flush with water and consult a physician if necessary. |
|--------------|---|
| Inhalation   | : If dust particles are inhaled, remove to fresh air and consult a physician if necessary.  |
| Skin contact | : Not expected to cause skin irritation.  |
| Ingestion    | : Unlikely route of exposure.   |

#### Most important symptoms/effects, acute and delayed

#### Potential acute health effects

| Eye contact             | : No known significant effects or critical hazards. |
|-------------------------|---|
| Inhalation              | : No known significant effects or critical hazards. |
| Skin contact            | : No known significant effects or critical hazards. |
| Ingestion               | : No known significant effects or critical hazards. |
| Over-exposure signs/sym | <u>ptoms</u>  |
| Eye contact             | : No known significant effects or critical hazards. |
| Inhalation              | : No known significant effects or critical hazards. |
| Skin contact            | : No known significant effects or critical hazards. |
| Ingestion               | : No known significant effects or critical hazards. |

| Indication of immediate r | nedical attention and special treatment needed, if necessary |
|---------------------------|--|
| Notes to physician        | : Treat symptomatically.                                     |
| Specific treatments       | : No specific treatment.                                     |

Rigid Vinyl

# Section 4. First aid measures

**Protection of first-aiders** 

: No special protection is required.

See toxicological information (Section 11)

# Section 5. Fire-fighting measures

| Extinguishing media                             |   |
|---|---|
| Suitable extinguishing media                    | : Use an extinguishing agent suitable for the surrounding fire.   |
| Unsuitable extinguishing media                  | : None known.   |
| Specific hazards arising from the chemical      | : No specific fire or explosion hazard.   |
| Hazardous thermal decomposition products        | : Decomposition products may include the following materials:<br>carbon dioxide<br>carbon monoxide<br>metal oxide/oxides<br>Hydrogen chloride gas (HCI)               |
| Special protective actions<br>for fire-fighters | : No special measures are required.   |
| Special protective equipment for fire-fighters  | : Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode. |

### Section 6. Accidental release measures

| Personal precautions, protective equipment and emergency procedures |                         |  |
|---|-------------------------|--|
| For non-emergency<br>personnel                                      | : Not applicable.       |  |
| For emergency responders  | : Not applicable.       |  |
| Environmental precautions   | : Not applicable.       |  |
| Methods and materials for containment and cleaning up               |                         |  |
| Spill   | : Pick up mechanically. |  |

# Section 7. Handling and storage

| Precautions for safe handling                                      |   |  |
|--|---|--|
| Protective measures  | ÷ | Put on appropriate personal protective equipment (see Section 8).  |
| Advice on general occupational hygiene                             | : | Normal good industrial hygiene.  |
| Conditions for safe storage,<br>including any<br>incompatibilities | : | Take precautionary measures to avoid fire hazard. Store in normal room conditions without direct exposure to sunlight. |

# Section 8. Exposure controls/personal protection

#### **Control parameters**

#### **Occupational exposure limits**

| Ingredient name                  | Exposure limits   |  |  |
|----------------------------------|---|--|--|
| Titanium dioxide                 | OSHA PEL (United States, 2/2013).<br>TWA: 15 mg/m <sup>3</sup> 8 hours. Form: Total dust<br>ACGIH TLV (United States, 3/2015).<br>TWA: 10 mg/m <sup>3</sup> 8 hours.  |  |  |
| Appropriate engineering controls | Good general ventilation should be sufficient to control worker exposure to airborne contaminants.  |  |  |
| Environmental exposure controls  | Emissions from ventilation or work process equipment should be checked to ensure they comply with the requirements of environmental protection legislation.   |  |  |
| Individual protection measure    |   |  |  |
| Hygiene measures                 | Wash hands, forearms and face thoroughly after handling chemical products, before eating, smoking and using the lavatory and at the end of the working period. Ensure that eyewash stations and safety showers are close to the workstation location. |  |  |
| Eye/face protection              | Safety eyewear complying with an approved standard should be used when a risk assessment indicates this is necessary to avoid exposure to dusts.  |  |  |
| Skin protection                  |   |  |  |
| Hand protection                  | Gloves should be worn when handling hot material.   |  |  |
| Body protection                  | Personal protective equipment for the body should be selected based on the task bein performed and the risks involved.  |  |  |
| Other skin protection            | Appropriate footwear and any additional skin protection measures should be selected based on the task being performed and the risks involved.   |  |  |
| <b>Respiratory protection</b>    | Not required under normal conditions of use.  |  |  |

# **Section 9. Physical and chemical properties**

| <u>Appearance</u>                            |                  |
|--|------------------|
| Physical state                               | : Solid.         |
| Color  | : Various.       |
| Odor   | : Slight.        |
| Odor threshold                               | : Not available. |
| рН   | : Not available. |
| Melting point                                | : Not available. |
| Boiling point                                | : Not available. |
| Flash point                                  | : Not available. |
| Evaporation rate                             | : Not available. |
| Flammability (solid, gas)                    | : Not available. |
| Lower and upper explosive (flammable) limits | : Not available. |
| Vapor pressure                               | : Not available. |
| Vapor density                                | : Not available. |
| Relative density                             | : Not available. |
| Solubility                                   | : Not available. |
| Partition coefficient: n-<br>octanol/water   | : Not available. |

# Section 9. Physical and chemical properties

| Auto-ignition temperature | 1 | Not available. |
|---------------------------|---|----------------|
| Decomposition temperature | : | Not available. |
| Viscosity                 | : | Not available. |
| Volatility                | 1 | Not available  |

# Section 10. Stability and reactivity

| Reactivity                         | : No specific test data related to reactivity available for this product or its ingredients.           |
|------------------------------------|--|
| Chemical stability                 | : The product is stable.   |
| Possibility of hazardous reactions | : Under normal conditions of storage and use, hazardous reactions will not occur.                      |
| Conditions to avoid                | : No specific data.  |
| Incompatible materials             | : Reactive or incompatible with the following materials: oxidizing materials.                          |
| Hazardous decomposition products   | : Under normal conditions of storage and use, hazardous decomposition products should not be produced. |
|                                    |  |

## Section 11. Toxicological information

#### Information on toxicological effects

#### Acute toxicity

There is no data available.

#### Irritation/Corrosion

| Product/ingredient name | Result               | Species | Score | Exposure                        | Observation |
|-------------------------|----------------------|---------|-------|---------------------------------|-------------|
| Titanium dioxide        | Skin - Mild irritant | Human   | -     | 72 hours 300 µg<br>Intermittent | -           |

#### **Sensitization**

There is no data available.

#### **Carcinogenicity**

#### **Classification**

| Product/ingredient name | OSHA | IARC | NTP | ACGIH | EPA | NIOSH |
|-------------------------|------|------|-----|-------|-----|-------|
| Titanium dioxide        | -    | 2B   | -   | A4    | -   | +     |

#### Specific target organ toxicity (single exposure)

There is no data available.

#### Specific target organ toxicity (repeated exposure)

There is no data available.

#### Aspiration hazard

There is no data available.

### Information on the likely

: Dermal contact. Eye contact.

#### routes of exposure

#### Potential acute health effects

Eye contact

: No known significant effects or critical hazards.

|                                       | Rigid Vinyl   |  |  |  |  |
|---------------------------------------|---|--|--|--|--|
| Section 11. Toxicological information |   |  |  |  |  |
| Inhalation                            | : No known significant effects or critical hazards.           |  |  |  |  |
| Skin contact                          | : No known significant effects or critical hazards.           |  |  |  |  |
| Ingestion                             | : No known significant effects or critical hazards.           |  |  |  |  |
| Symptoms related to the phy           | vsical, chemical and toxicological characteristics            |  |  |  |  |
| Eye contact                           | : No known significant effects or critical hazards.           |  |  |  |  |
| Inhalation                            | : No known significant effects or critical hazards.           |  |  |  |  |
| Skin contact                          | : No known significant effects or critical hazards.           |  |  |  |  |
| Ingestion                             | : No known significant effects or critical hazards.           |  |  |  |  |
| Delayed and immediate effect          | ts and also chronic effects from short and long term exposure |  |  |  |  |
| <u>Short term exposure</u>            |   |  |  |  |  |
| Potential immediate<br>effects        | : No known significant effects or critical hazards.           |  |  |  |  |
| Potential delayed effects             | : No known significant effects or critical hazards.           |  |  |  |  |
| Long term exposure                    |   |  |  |  |  |
| Potential immediate<br>effects        | : No known significant effects or critical hazards.           |  |  |  |  |
| Potential delayed effects             | : No known significant effects or critical hazards.           |  |  |  |  |
