

WeatherSide™

FIBER-CEMENT SIDING

“The One And Only Solution For Repairing Asbestos Siding”

Fantastic For Repairing Old Asbestos Siding...

- **Perfect Design...** Virtually identical in size and shape to millions of old non-existent siding shingles installed over the last 50 years
- **Safe...** WeatherSide™ Fiber-Cement Siding contains NO asbestos
- **Avoids Hassles and Expenses...** Great for repairing damaged shingles, siding small additions, or even changing windows without the expense of new siding for the whole house
- **Easy Installation...** After properly removing the old siding,* simply nail the WeatherSide™ siding in place and paint
- **Pre-Primed...** Ready to be painted to match existing wall color
- **Extremely Durable...** Won't warp, dent, rot, shrink, or expand, and even resists termite infiltration
- **Fire Safe...** WeatherSide™ Fiber-Cement Siding meets or exceeds UL-approved non-combustible testing (ASTM E136 & UL 723)

*We recommend that any removal and disposal of asbestos-containing products be done by a professionally trained asbestos removal contractor.

Great For New Construction...

- **Proven Technology...** WeatherSide™ Fiber-Cement Siding is fire-proof, durable, and resistant to freeze-thaw conditions
- **Fast Installation...** Unlike some other fiber-cement siding products, WeatherSide™ does not require caulking at every joint
- **Classic Look...** Distinctive beauty unavailable in other siding products
- **Pre-Primed...** Comes with a flat white primed surface, ready for painting
- **Peace Of Mind...** Backed by a 25-year ltd. warranty**

**See limited warranty for complete coverage and limitations.

Matching Accessories Available...

- **Siding Nails**
- **Pre-Primed Individual Corners (9", 12", 14", and Emphasis™)**
- **Backer Strips (9", 12", and 14")**

Pre-primed & ready for painting!
