Gable Vents

Aluminum: Wall louvers are installed in the gable end of the attic and provide exhaust ventilation. Flush flange. No screens. Aluminum construction.

12" X 12" 105255

18" X 24" 103535

Vinyl: The rectangular gable vent is used to vent the attic. The 2-piece system is fully compatible with all siding profiles, colors, and types. Simply install the base when installing the siding, then snap on the cover later. Rectangular base makes siding cuts easier. Adjustable 5/8" to 1-1/4" for use with all siding styles. Each gable vent includes screen protection to keep pests out. Manufactured with ultraviolet-stabilized color, minimizing the effects of exposure to the elements. Rich textured appearance. Outside dimensions: 18" x 24". Ventilated opening dimensions: 16" x 20".
