

A home is more than just a space...

5380 Emperadoro™

Nature Perfected Composed of 93% natural quartz, one of nature's strongest minerals, Caesarstone is resistant to stains, scratches, most household chemicals, and moderate heat. Our firm dedication to quality has earned us ISO 9001 certification.

High Style, Low Maintenance Caesarstone never needs sealing, and its hard, nonporous surface makes cleaning simple. In most cases, soap and water or a mild detergent is all that is required to keep your countertop looking like new.

Colors That Captivate Caesarstone's innovative development team continually creates breakthrough color and quartz designs that influence trends and inspire creative applications.

Look and Feel Caesarstone quartz surfaces retain the cool, tactile qualities of natural stone, with aggregates ranging from fine to coarse-grained color blends for varied visual texture. Expand the design possibilities even further with our three finishes: polished, honed (matte) and embossed texture.

Environment First From investing in recycling technologies in our manufacturing plants to embracing environmentally sensitive suppliers, Caesarstone seeks to protect both the well-being of our customers and our environment.

Residential Lifetime Warranty* The first of its kind, covering your surface for as long as you own your home.

Edge Profiles

The unique properties and durability of Caesarstone quartz surfaces allow for a wide range of edge-profile design options. Many edge profiles are possible, from a standard edge to laminated or mitered edges which create the appearance of a thicker slab. All edge details should have a minimum 1/8" radius on any profile, for both top and bottom edges. For high-traffic areas, 1/4" minimum radius is suggested.

Caesarstone® Slab ID

The underside of every Caesarstone® slab is uniquely stamped with identification information establishing authenticity.

Wall Linings

Nonporous, waterproof, mold and mildew resistant, Caesarstone® quartz surfaces are ideal for kitchen backsplash and bathroom wall linings. Large slabs provide a sleek and modern aesthetic, minimizing seam and maintenance.

Look and Feel

A Visual and Tactile Experience

Caesarstone proudly presents Motivo™ — the world's first quartz surface with an embossed, textured look and feel. Using a brilliant, patented new technology to apply an embossed effect to a range of surfaces, Motivo makes a stylish statement with its pattern-designed finishes; Lace and Crocodile.

Motivo opens up a world of inspiration and imagination by delivering endless creative options for stunning spaces.

Magnificently Versatile

As with all Caesarstone quartz surfaces, Motivo is nonporous, easy to care for, and appropriate for numerous applications, including wall paneling, custom-made furniture, kitchen countertops, vanity tops, and more.
