While Supplies Last

## Commodities Update:

- Panel Product:
  - OSB had a pretty significant drop for a few weeks, but seems to have firmed in price and is heading up slightly now.
  - SYP plywood had some decreases this past month, but not to the extent of OSB and has since started its own upward trek.
- Dimension Lumber: Most SPF Lumber is also increasing again after a few weeks of decreased pricing. Increased wildfire concerns out West on log availability and thinner dealer inventories have put the mills back in the driver's seat for the time being. SYP lumber (for PT lumber) has followed in a similar direction.
- As mentioned last month, Johns Manville will increase fiberglass insulation prices 8% batts/rolls, 10% loose fiberglass on September 17.
- Clark Dietrich, our steel stud vendor, has announced a 10% increase for September 3. We'll wait to see if the increase sticks, and if so, will raise retails mid to late this month.
- With all the tariff concerns on steel, there is a good chance we will most likely see new increases on nails, screws, concrete mesh, and rebar and other steel products coming soon.

## New Inventory Items:

- Gorilla silicone sealant(clear, white) 10oz tubes
- CLC nonskid knee pads
- Pikstik Pro Multi Purpose Grabber Tool

## Words Worth Reading:

May today there be peace within

May you trust God that you are exactly where you are meant to be

May you not forget the infinite possibilities that are born of faith

May you use those gifts that you have received and pass on the love that has been given to you

May you be content knowing that you are a child of God

Let this presence settle into your bones and allow your soul the freedom to sing, dance, praise, and love

It is there for each and every one of us

-Saint Teresa of Avila

## Quote to Think About:

**“Let everyone you meet this day be blessed by you- Just by your eyes, by your smile, by your touch, just by your presence. Let the gratefulness overflow into blessings all around you. Then, it will really be a good day.”**
