Commodities Update:

- Both dimension lumber and wood panel products remain very high priced and very hard to source. Most all of these products are at all time high prices with the high demand for new homes nationwide igniting the “flame”. I read an article recently that said the high prices for lumber products have added \$22-24,000 to the cost of a new home. With mortgage rates as low as they are, buyers are not being scared away. The one positive note is that lumber futures prices seem to be dropping on the Commodities Market Exchange, so maybe that will translate to lower prices.
- We have been informed of an immediate increase in vinyl siding, soffit and accessories of 6-8%.
- Atrium Windows & Doors had announced another 6% on all new construction products effective March 22, 2021.
- As previously announced, USG has risen prices on Durock cement board (by \$.025/SF) ready mixed joint compounds (by \$.25/pail), ceiling grid (7-10%) and ceiling panels (9%). We will increase our retail prices accordingly this month.
- Big Timber has announced an increase on April 1, 2021 for its structural screw product line.
- There is another increase in the drywall screw, pneumatic fasteners line of 13% effective 3/15/21.
- Our tapcon masonry screws will be switching to a star drive from the long time Philips head design. This will be a roiling change for us, so for the next few months we may have both the old design and new.
- Some shingle manufacturers (not GAF yet) have announced spring increases of 5-9%. GAF will only be producing a core group of colors this year because of high demand.
- Also, some fiberglass insulation makers are planning an 8-12% increase around the end of April. Availability of this product is still very tight.
- Steel stud increases of 10% are still planned for both March 1 and April 11, 2021

Quote to Think About:

Reiki Prayer

*Just for today, I will not worry.
Just for today, I will not be angry.
Just for today, I will be grateful for my blessings.
Just for today, I will work honestly.
And, just for today, I will be kind
To every living thing
(including myself)*

New Inventory Items:

- MoistureShield composite decking in “Canoe” color (tannish brown). We continue to stock the Fiberon “Cottage” color (greyish) product.
- We have added Amerimax vinyl gutter/downspout/accessories in white and brown to replace the Genova product (Genova has gone out of business). The Amerimax product cannot be used as a direct replacement for Genova.
- Bostitch pneumatic nails for joist hanger connectors 35°.

Words Worth Reading:

“In This Life”

Anything is possible in this life,
even the most improbable and unexpected.

Anything in this life is more possible
through hard work, determination and prayer.

Mostly in this life, but at least in the next,
we are rewarded for our good deeds
and punished for our misdeeds.

In this life, it is other people-
friends and family that are most important,
and definitely not money or material wealth.

Whatever you do in this life,
do it the best you can, to the best of your ability,
because it is not worth the effort otherwise.

You will find that in this life,
it is the love you show and give to others
that will give you the most joy and fulfillment.

In this life, there are many religions and different religious beliefs,
but it is the central realization of the presence of God in our lives
that will give you the direction, the hope
and the will to lead a life of meaning.

Hardware humor:

Many hardware stores now provide sketch artists to help their customers recall the part they need.
