Commodities Update:

- **Might be wise to expect both shortages and price increases on many lumber, building material and hardware items. If any quotes have expired, our suggestion is to get a quote before committing to any project.**
- Panel products: OSB supply remains tight and therefore pricing is again, outrageous. Huber products (Advantech & Zip) continue to push the limits of buyer's patience (and wallets). SYP plywood, following on the heels of OSB, is also extraordinarily high priced.
- Dimension lumber, both SPF and SYP, are approaching those crazy numbers of last year. It seemed to only let up last year when end users stopped buying! We're not suggesting that now, but buying lumber right now is an expensive proposition!
- Some millwork vendors are (or have already) raised prices on door units- both interior and exterior by 8-20%. Don't be surprised to see these increases. Atrium windows will increase 5-10% March 1.
- Rockwool insulation will increase 12-20% April 1.
- Dupont extruded foam (styrofoam) will increase 12% March 14.
- Masonry blocks will take their annual increases April 1-roughly 10%

Brain Builder: See if you can figure it out!

FUN WITH SUMS:

Write down the number of the house you live in. Now double it. Add 5 and multiply the answer by 50. Next add your age. Now add 365. From the sum you now have, subtract 615.

You will find, in the result, that your house number is on the left and your age is on the right.

Hardware Humor:

New Inventory Items:

- Werner fiberglass twin step (two Sided) stepladders in 4' & 6'. Type IA 300LB rating.

- Mop & bucket wringer.

- Mouse sand paper hook & loop.

- Gas fittings assortment.

Words Worth Reading:

*The quality of mercy (forgiveness) is not strained.
It droppeth as the gentle rain from heaven
Upon the place beneath. It is twice blest
It blesseth him that gives and him that takes.*

*William Shakespeare
The Merchant of Venice*

It's taught me that mercy is not something we give to people because they deserve it. Compassion is not something we offer to people because they're owed it. It's what we do because it's the way we find mercy for ourselves. You can't get mercy unless you give it. You can't receive compassion unless you give it. And it's made me want to be merciful and compassionate. It's made me want to understand the people who are unhappy with me, who are hostile to me, who sometimes act as if they hate me. I used to get death threats and bomb threats, and it's made me not want to believe that the people behind those threats are just enemies or haters or bigots. It's made me recognize that they're like my clients. They need someone to get past what's created this burden, this fear, this anger, this hostility.

Bryan Stevenson
