## Commodities Update:

- Dimension lumber: all species have taken strong downward strides in the last two months or so. As of this writing, many more knowledgeable than me feel we have hit the bottom of the fall although we are not as low as it got last year when the bottom dropped out.
- Panel products: likewise OSB and SYP plywood have come way down in price. OSB is now significantly lower than the plywood, as it customarily is. Huber products (Zip and Advantech) are also coming down.
- We'll finally be raising our fiberglass insulation prices by 10% at mid month to reflect the increase from a month or two ago.
- Quikrete will be raising their product prices July 1 to cover increased costs of raw materials, transportation and labor.
- Lehigh bagged cements- Portland, Masonry Type S will increase \$.75/bg and \$.65/bg effective July 1.
- We haven't announced much of this, but vinyl siding has taken a price reduction this past month!
- Overall we're finding, with many products we stock and sell, that the availability is much better than a year ago. While some product categories are still with longer lead times, many are easing back to somewhat "normal" delivery times.

## Words Worth Reading:

In this era of American life it has been so common for people and groups looking for-even expecting-handouts from this big government we have created. I often think much of our society has lost its sense of personal responsibility and integrity, always waiting for government to bail us out of unfortunate circumstances that are at times even self inflicted. In this sense I am reminded of the challenge Spoken by President John F Kennedy, in his inaugural address on January 20, 1961:

*“And so, my fellow Americans: ask not what your country can do for you-ask what you can do for your country.”*

## Quote to Think About:

“Watch your thoughts;  
they become words.  
Watch your words;  
they become actions.  
Watch your actions;  
they become habits.  
Watch your habits;  
they become character.  
Watch your character;  
it becomes your destiny.”

-Frank Outlaw
