TIE DOWN & TOW STRAPS

1"X25' 3000lb 4D Ratchet Strap w/hooks
\$13.76ea

Commodities Update:

As you might expect, many, many products in our realm- lumber, building materials and hardware are seeing price increases, primarily due to the gas price increases. Most of our wholesale distributors have instituted or increased existing freight surcharges which, to this point, we have not passed on to you, our customer. Hopefully these increases will not weaken consumer confidence and adversely affect demand.

Panels: **OSB** continues to be flat across the board while **SYP plywood** continues its modest weekly increases.

Dimension lumber: **SPF** has seen steady and somewhat modest demand which will increase prices, with fuel increases not helping the situation. **PT**, after weeks of noticeable increases, has started to level off slightly. Keep an eye on Engineered wood (**EWP**) as manufacturers may push for increases to offset fuel costs.

Certaainted and USG have announced **drywall** price hikes for May 4. Details are not certain yet but since there have not been increases for over a year, it will likely be in the \$20/MSF range. We've been warned that there could be further increases this year.

Roofing manufacturers increased prices late last month, as previously reported. We will wait for now on increasing our retails.

GP/Plygem surprised us with a 5-6% increase on **vinyl siding** and that increase is now reflected in our sell price.

Sherwin Williams announced a 9% **paint** increase effective May 1. When our distributor, Do it Best, increases costs and suggested retails we will do the same.

Rockwool has announced an 8% increase for July 1.

Dupont and Johns Manville will hike prices on **polyiso rigid insulation (Hi R sheathing)** by 6% on May 6.

Armstrong Ceilings (though our inventory vendor is USG Interiors) will increase 7-8% for **ceiling tile** on May 1.

Clark Dietrich has another **metal stud** increase set for May 4.

Sewer & Drain pipe manufacturer, Soleno, will increase product costs by 5% on May 11.

Nudo will increase **FRP panel** costs by 5% on May 11.

Words worth reading:

Imagine a world where we see each other
as Sister and Brother.

Not as White and Black.

Not as Christian and Muslim.

Not as American and Foreigner.

Not as Friend and Foe.

Not as Above me and Beneath me.

Not as Rich and Poor.

Not as Young and Old.

Work for a world where we see each other
as Sister and Brother.

Quote to think about:

“One should never confuse:

Kindness with weakness;

Generosity with wealth;

Helpfulness with something to be exploited.”

Mother's Day Reflection

In honor of Mother's Day please enjoy these answers given by 2nd grade school children to the following questions:

Why did God make mothers?

-She's the only one that knows where the scotch tape is.

-Mostly to clean the house.

-To help us out of there when we were getting born.

What ingredients are mothers made of?

-God makes mothers out of clouds and angel hair and everything nice in the world and one dab of mean.

-They had to get their start from men's bones. Then they mostly use string I think.

Why did your mom marry your dad?

-My dad makes the best spaghetti in the world. And my mom eats a lot.

-She got too old to do anything else with him.

-My grandma says that mom didn't have her thinking cap on.

Who's the boss at your home?

-Mom doesn't want to be the boss, but she has to because dad's such a goofball.

-Mom. You can tell by the room inspection. She sees the stuff under the bed.

-I guess mom is, but only because she has a lot more to do than dad.

What's the difference between moms and dads?

-Moms work at work and work at home and dads just go to work at work.

-Moms know how to talk to teachers without scaring them.

-Dads are taller and stronger, but moms have all the real power 'cause that's who you've got to ask if you want to sleep over at your friend's.

-Moms have magic. They make you feel better without medicine.

If you could change one thing about your mom, what would it be?

-She has this weird thing about me keeping my room clean. I'd get rid of that.

-I'd make my mom smarter. Then she would know it was my sister that did it, not me.

-I would like for her to get rid of those invisible eyes on the back of her head.

Dad joke of the month:

I've been getting into jigsaw puzzles lately and getting pretty good at them. The other day I finished a whole puzzle in an afternoon. I don't want to brag but the box said "for 3-4 years".

Hardware Humor:

“That new guy was supposed
