## Commodities Update:

- Continuing from the previous few months, many products are increasing in price due to the gas/diesel situation. You may see more delivery charges from us than in the past until things settle back to a more normal level. Our fuel bills have increased more than \$2,000 per month and we are also being charged fuel surcharges/stopover fees from most distributors that we have not had before.
- Dimension lumber- seems the **SPF** pricing is looking for which direction the market will go and is trading currently in a narrow range which will last for the next 20-30 days. **SYP (PT)** is looking to gain momentum to win back some of the recent price concessions.
- Panels- **The SYP plywood** market is still hot, having seen incremental increases each week for the last few months. **OSB** continues its year long lackluster pricing and is still a bargain at today's prices.
- The **gypsum** increase, originally scheduled for early May, has been postponed until 6/1 and is in the neighborhood of \$10/MSF. **Joint treatments** also increased modestly and is now reflected in our retails.
- Clark Dietrich will again increase **steel studs** by 10% on 6/1.
- Metal Sales Inc. has raised **metal roofing/siding** 6-9% in May.
- Roofing manufacturers are increasing **shingles** again 6-9% on 6/1.
- Sashco, our main **caulk/sealant** vendor, will increase product costs by 9% on 8/3.
- Grabber will increase many of the **screw/fastener** products we stock from them by 6-10% in early June.
- As you might expect, **rebar** and **mesh** costs are rising also.
- **Rockwool**, as reported last month, will increase product costs by 8% on 7/1 as will **fiberglass insulation** increase by 6% on that same date.

## Words Worth Reading:

There is nothing in the world, I venture to say, that would so effectively help one to survive even the worst conditions as the knowledge that there is a meaning in one's life. There is much wisdom in the words of Nietzsche: "He who has a 'why' to live for can bear almost any 'how'." ... What man actually needs is not a tensionless state but rather the striving and struggle for a worthwhile goal; a freely chosen task. What he needs is not the discharge of tension at any cost but the call of a potential meaning waiting to be fulfilled by him.

From Man's Search for Meaning by Viktor Frankl (Frankl became a world renowned psychologist after being a Nazi concentration camp survivor)

## Dad joke of the month:

Potential employee being interviewed for a job-

Interviewer: "What would you say is your greatest strength?"

Applicant: "I'm very responsible."

Interviewer: "Can you give me an example?"

Applicant: "In my last two jobs whenever there was a major issue, they always found out I was responsible."

## Quote to Think About:

"Conquer anger with non-anger.  
Conquer badness with goodness.  
Conquer meanness with generosity.  
Conquer dishonesty with truth."  
Buddha

## Hardware Humor:

"If you'd told me you had all those books, I would have made it stronger!"
