Commodities Update:

- Dimension lumber: **SPF** prices, in general, seem to be holding fairly steady while the **SYP (PT)** market is falling back – with the exception of 6x6's which are up \$20-30/MBF in the last few weeks.
- Panels: **SYP plywood** has had little movement lately and lingers in the high range of its traditional pricing. **Fir plywood**, while we don't stock it, has exploded upward in pricing due to the tariff policy with Canada. **OSB** is showing only very modest increases.
- Insulation products: **Rockwool mineral wool insulation** is back on allocation which, as you know, means longer lead times and potentially higher prices.
- Steel products: Clark Dietrich has again announced a monthly (10 in a row now!) increase of 10% on **metal studs** and **accessories**. As expected, **rebar** and **mesh** have also increased. The **screw/fastener** increase from Grabber for 10/12 will be 4%.
- Masonry products: **Bagged Portland and masonry cements** will increase \$.60/bag and \$.40/bag respectively on 1/1/27. Unless our tariff disputes with Canada are resolved we might see further increases.

Quote to Think About:

"Where ever love goes, wealth and success follow.
A house is not made beautiful by money,
achievements and possessions- it becomes a home by
the love inside it."

Anonymous Instagram post

Dad Joke of the Month:

Emal and Juan are identical twins. Their mom only carries one picture of one of the twins in her wallet because she says "if you've seen Juan, you've seen Emal".

Words Worth Reading:

Beyond the Veil

Songwriter: Shawnesse Heath

Performers: Cedar and Salt

When we have passed beyond the earthly veil
And left behind the shadow and the gale
Mourn not for me as if the light has died
For now I walk with the Savior by my side
Among the saints and kin of long ago
I find the peace that only God can show

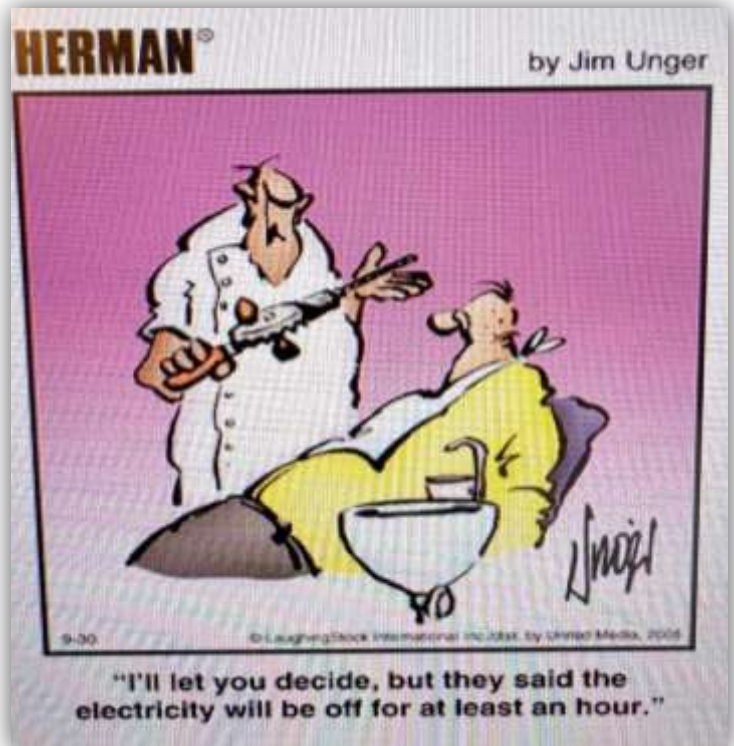

So if you wish, remember me with love
And let me rest within the light above
For I am home, where every tear is dried
And ancient gates are opened far and wide
Yes, if you wish, remember me today
Until we meet where shadows fade away

I am not lost, simply gone ahead
To join the host of those the world calls dead
But here we live, and here we labor still
To do with joy our Father's holy will
I'll keep a place for you within the light
Until we meet where there is no more night

The work goes on, the love is deeper now
A crown of peace upon a leery brow

I will remember you
In perfect light and love

Hardware Humor:

"I'll let you decide, but they said the electricity will be off for at least an hour."
